

Grant Opportunities

For Innovative School Breakfast

The Dairy Alliance Mini-Grants

The Dairy Alliance (formerly Southeast United Dairy Industry Association, or SUDIA) has grant funding for NC schools for any new program that will increase access to federally-funded meals, including school breakfast and at-risk afterschool meals.

Interested School Nutrition Directors should contact Health and Wellness Program Manager Cami Lewis at clewis@sedairy.org or 678-822-2868.

Partners for Breakfast in the Classroom (PBIC)

This grant is focused on helping high-need schools and districts cover the upfront costs often associated with the startup and implementation of innovative breakfast service, such as purchasing equipment, outreach efforts to parents, program promotion, and other related expenses.

Schools qualify if they meet the following criteria:

- Either 70% or more students qualify for Free or Reduced-Price (FRP) meals, or else the school operates community eligibility (CEP).
- Average daily participation (ADP) in school breakfast is at 50% or less.

Get started at the BreakfastNC.org. Applications are being accepted on a rolling basis.
