Pin the ray on Ray Instructions

The objective is for the children to put rays around the edge of the sun to put rays on Ray!

Materials:
• A few pieces of yellow cardstock
• An open wall
• Black cardstock or construction paper
• Tape
• Glue
• Black marker or Sharpie
• A blind fold

Instructions:
1. Cut a large circle out of yellow cardstock.
2. Cut out the black construction paper or cardstock into the shape of sunglasses. Glue the glasses on the circle in the place where eyes would normally go.
3. Cut large rectangles (or “rays”) out of the yellow cardstock.
4. Tape the circle onto an open wall.
5. Blind fold the child whose turn it is and spin them once or twice. Leave them facing the circle on the wall with the blind fold on.
6. Put tape on the back of the ray right before handing it to the child.
7. Have the child try to put the ray on the outside of the yellow circle to give Ray some rays!
