

Milk Carton Dice Instructions

Don't throw out your milk carton! You can use it to create milk carton dice that can be used to play fun dice games.

Materials:

- Empty 8-ounce milk carton (school-sized juice cartons can also work)
- Colored duct tape
- Scissors
- Small round stickers or a permanent marker

Instructions:

1. Rinse out milk cart and let dry.
2. Close top of milk carton and fold and push down to form a cube shape.
3. Use colored duct tape to completely cover the cube and tape down top to hold it in a cube shape.
4. Number each side of the dice (1-6) by placing that number of stickers or writing the number or drawing dots with a marker.
